Vision, Mission, and Core Values

Vision Statement

To provide the best services to our customers and commitment for our work by achieving the highest levels of quality, accuracy and professionalism

Mission Statement

To implement the provision of excellent contracts and achieve customer satisfaction with transparency, credibility to obtain high-quality results and Safety

Core Values

Commitment to **reliability**, excellence, **Safety First**, Quality Excellence Ambitious Execution and ambitious execution

Ali Al Marri

President

"With great passion and opportunity, this is how United SAAM was started. Our aim is to create an independent entity in Engineering and Construction. Our commitment to our core values remains strong. We will continue to operate our business with the highest ethical standards."

Our commitment to our core values remains strong. We will continue to operate our business with the highest ethical standards. We will be honest and truthful in all our dealings.

Faisal Al Marri

CEO

"For 35, United SAAM has grown into a trusted leader, delivering diverse projects across Oil & Gas, Petrochemicals, Ports, and Housing sectors. We combine strategic foresight with operational flexibility to tackle industry challenges while seizing emerging opportunities."

We combine strategic foresight with operational flexibility to tackle industry challenges while seizing emerging opportunities. Our commitment to excellence ensures the highest standards of quality, safety, and professionalism in every project.

Our Services

General Construction Services

Delivering quality projects on time and budget.

Engineering and Design

Innovative solutions for complex engineering challenges.

Mechanical Engineering

Providing expertise in mechanical systems and services.

Civil Engineering & Design

Offers expertise in civil systems and services.

Electrical Engineering

Reliable electrical infrastructure for various applications.

Renovation and Maintenance

Comprehensive services for existing structures and systems.

Logistics and Transportation

Efficient transportation solutions for project materials.

Building Material Supply

Efficient transportation is crucial for the timely supply of building materials.

Business Sectors

Building Renovation & Construction

Comprehensive renovation and rehabilitation services for residential, commercial, and industrial buildings at Saudi ARAMCO facilities.

Civil Works

Road cleaning, leveling, helipad construction, car parking sheds, submarine terminal repairs, fence construction, pond/pit lining.

Mechanical Services

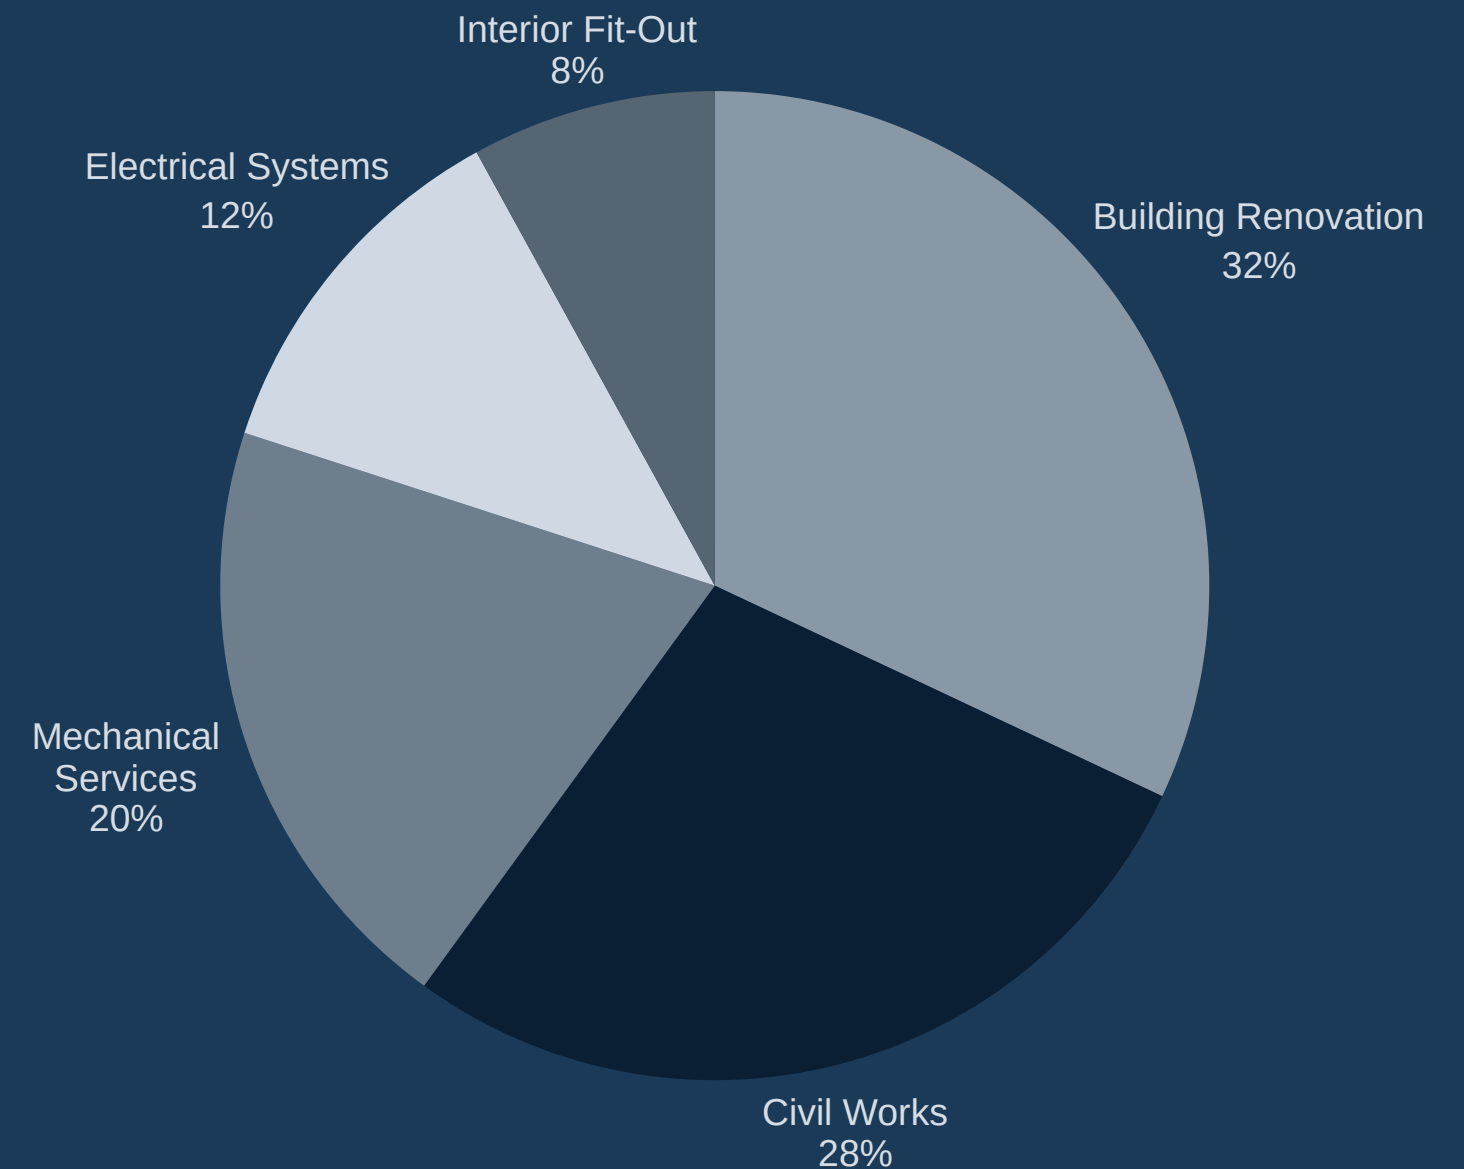

Sand blasting & coating, pipe and flange support, greasing skid units, online valve repairing, and maintenance of well pad equipment.

Electrical Services

Floodlight installation, ground cable replacement, electrical panel maintenance, and facility lighting systems.

Projects Overview

Our portfolio showcases **25 active contracts** and successful completion of 16 projects, reflecting our commitment to excellence and robust performance across various industrial sectors.

Project Categories

Building Renovation Services

Comprehensive solutions for updating existing structures.

Civil and Concrete Works

Expert services for infrastructure and development projects.

Mechanical and Valve Services

Specialized maintenance and repair for mechanical systems.

Fencing and Security

Solutions for site safety and perimeter protection.

Marine and Offshore Services

Support for projects in coastal and maritime environments.

Multi Discipline Maintenance

Integrated services across various operational sectors.

Active Projects Overview

United SAAM is currently managing **24 active contracts** spanning various sectors and services. Key projects include:

- **SAAM 525 19:** Miscellaneous Repair at QSWP (2023-2026)
- **SAAM 525 21:** Various Repair NGPD (2023-2026)
- **SAAM 525 24:** Ponds Pits Lining Repair (2024-2027)
- **SAAM 525 26:** SWID Skid Road Cleaning (2024-2027)
- **SAAM 525 27:** Online Valves Repair CGPD (2024-2027)
- Each project reflects our commitment to delivering **excellence** and maintaining high standards throughout the execution phase.

Active Projects Overview

United SAAM is currently engaged in **24 active contracts** spanning various sectors.

Our ongoing projects include:

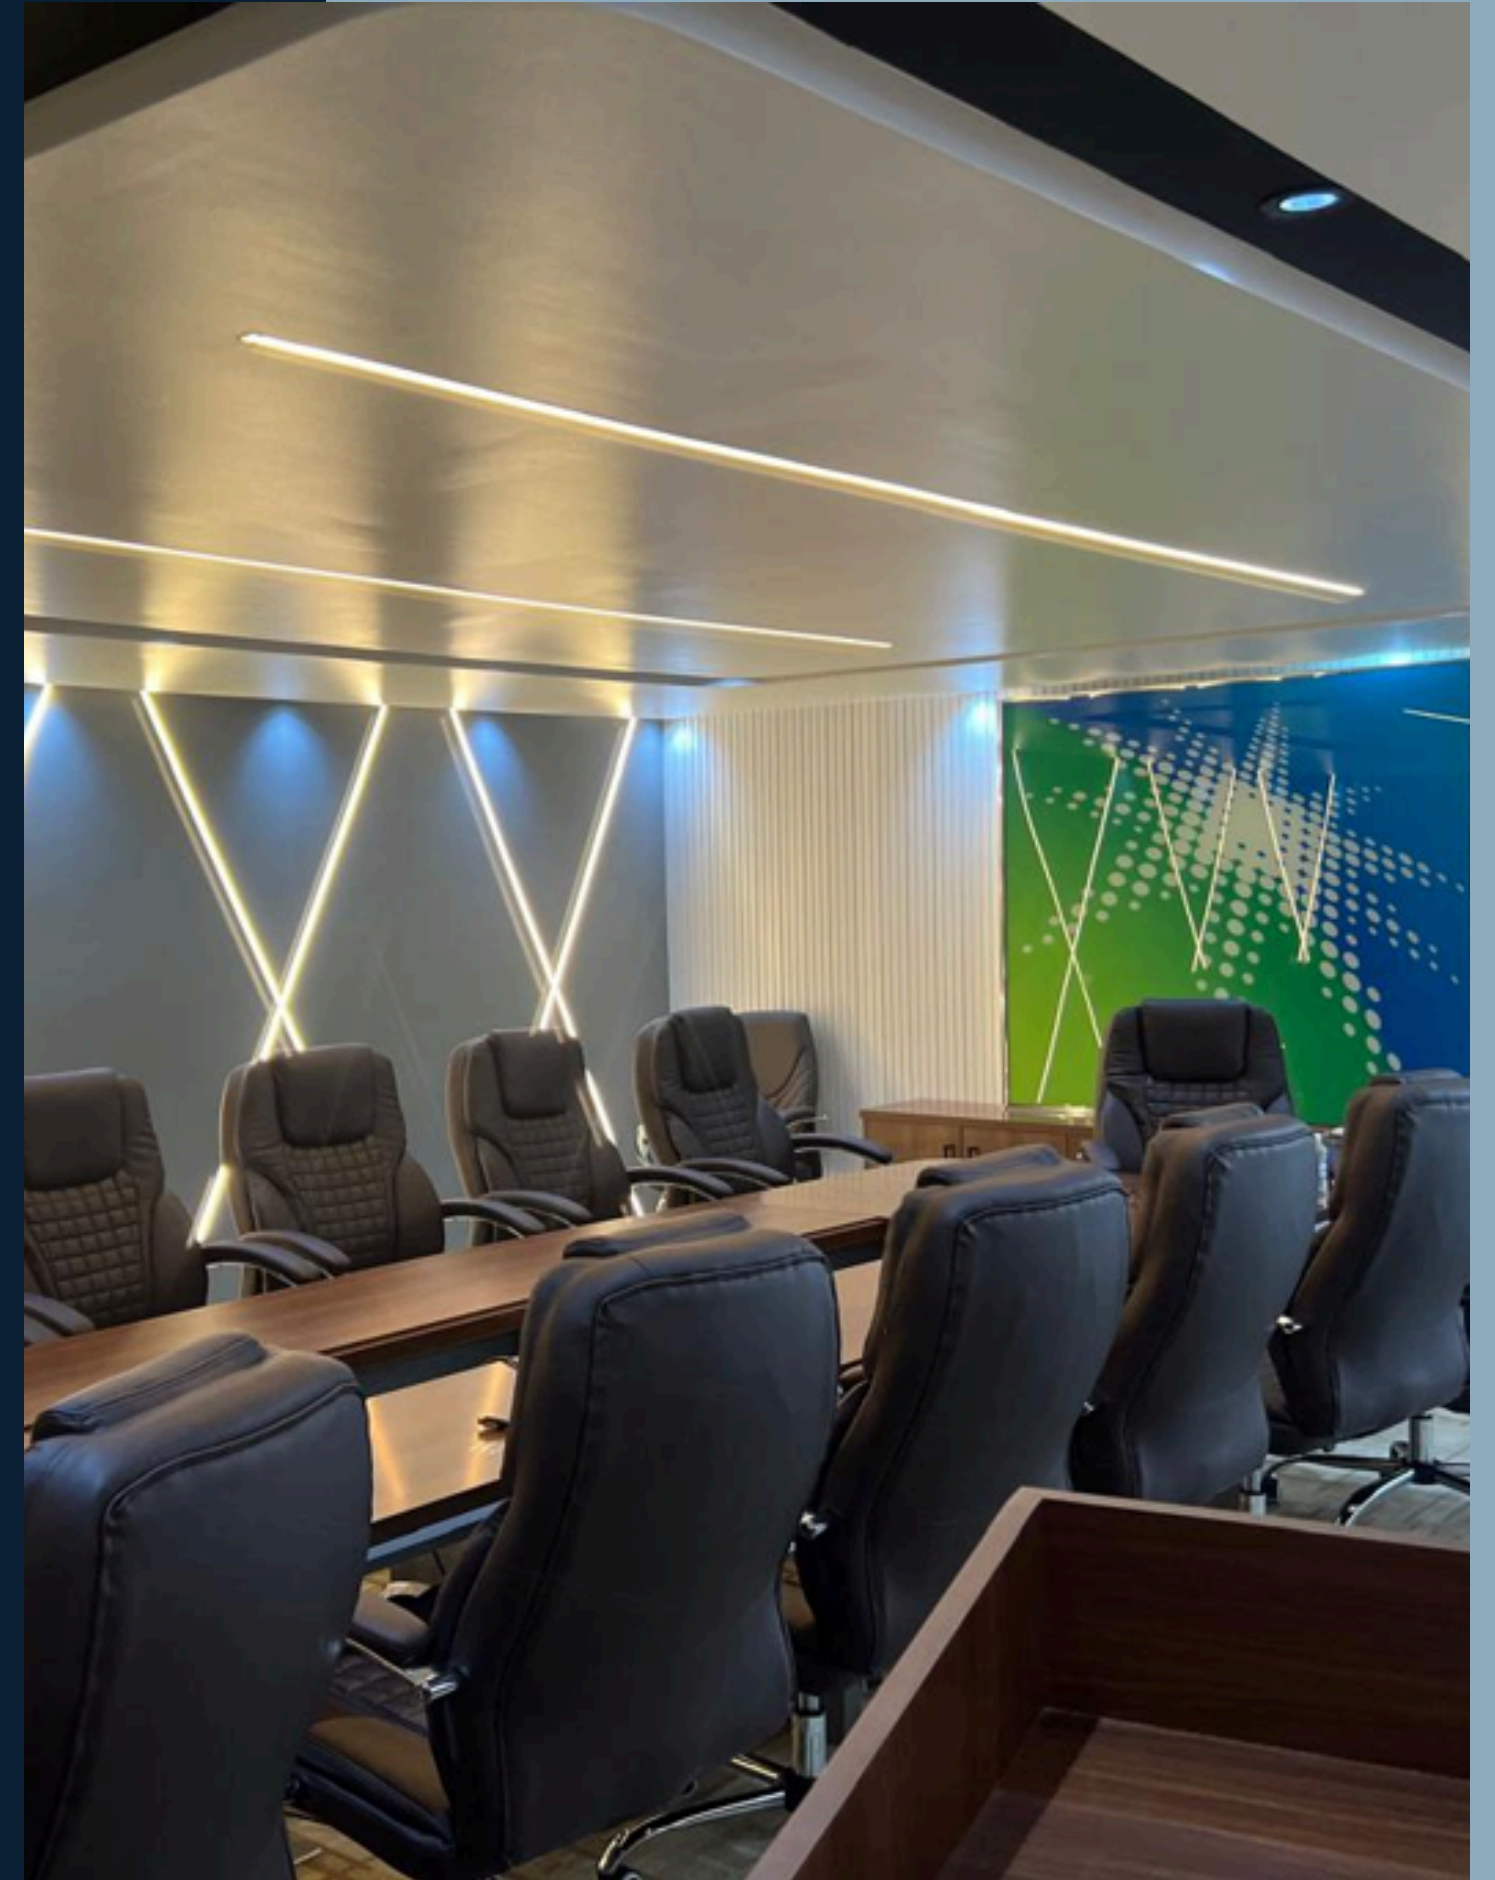

- **Isolation Valve Maintenance** (SAAM 525 35)
- **I Field Equipment Removal** (SAAM 525 36)
- **Concrete Defect Repair** (SAAM 525 37)
- **Parking Shades Installation** (SAAM 525 38)
- **Civil and Piping at Jazan Refinery** (SAAM 525 39)

These contracts extend through **2023 to 2031**, reflecting our commitment to excellence and service in civil works and mechanical services across multiple ARAMCO facilities.

Building Renovation & Rehabilitation

COMPREHENSIVE UPGRADES ACROSS MULTIPLE BUILDING TYPES

This project involves extensive renovations at the Mubarraz SWID complex, including simulator room updates, a chemical lab renovation, and enhancing various facilities to meet modern standards.

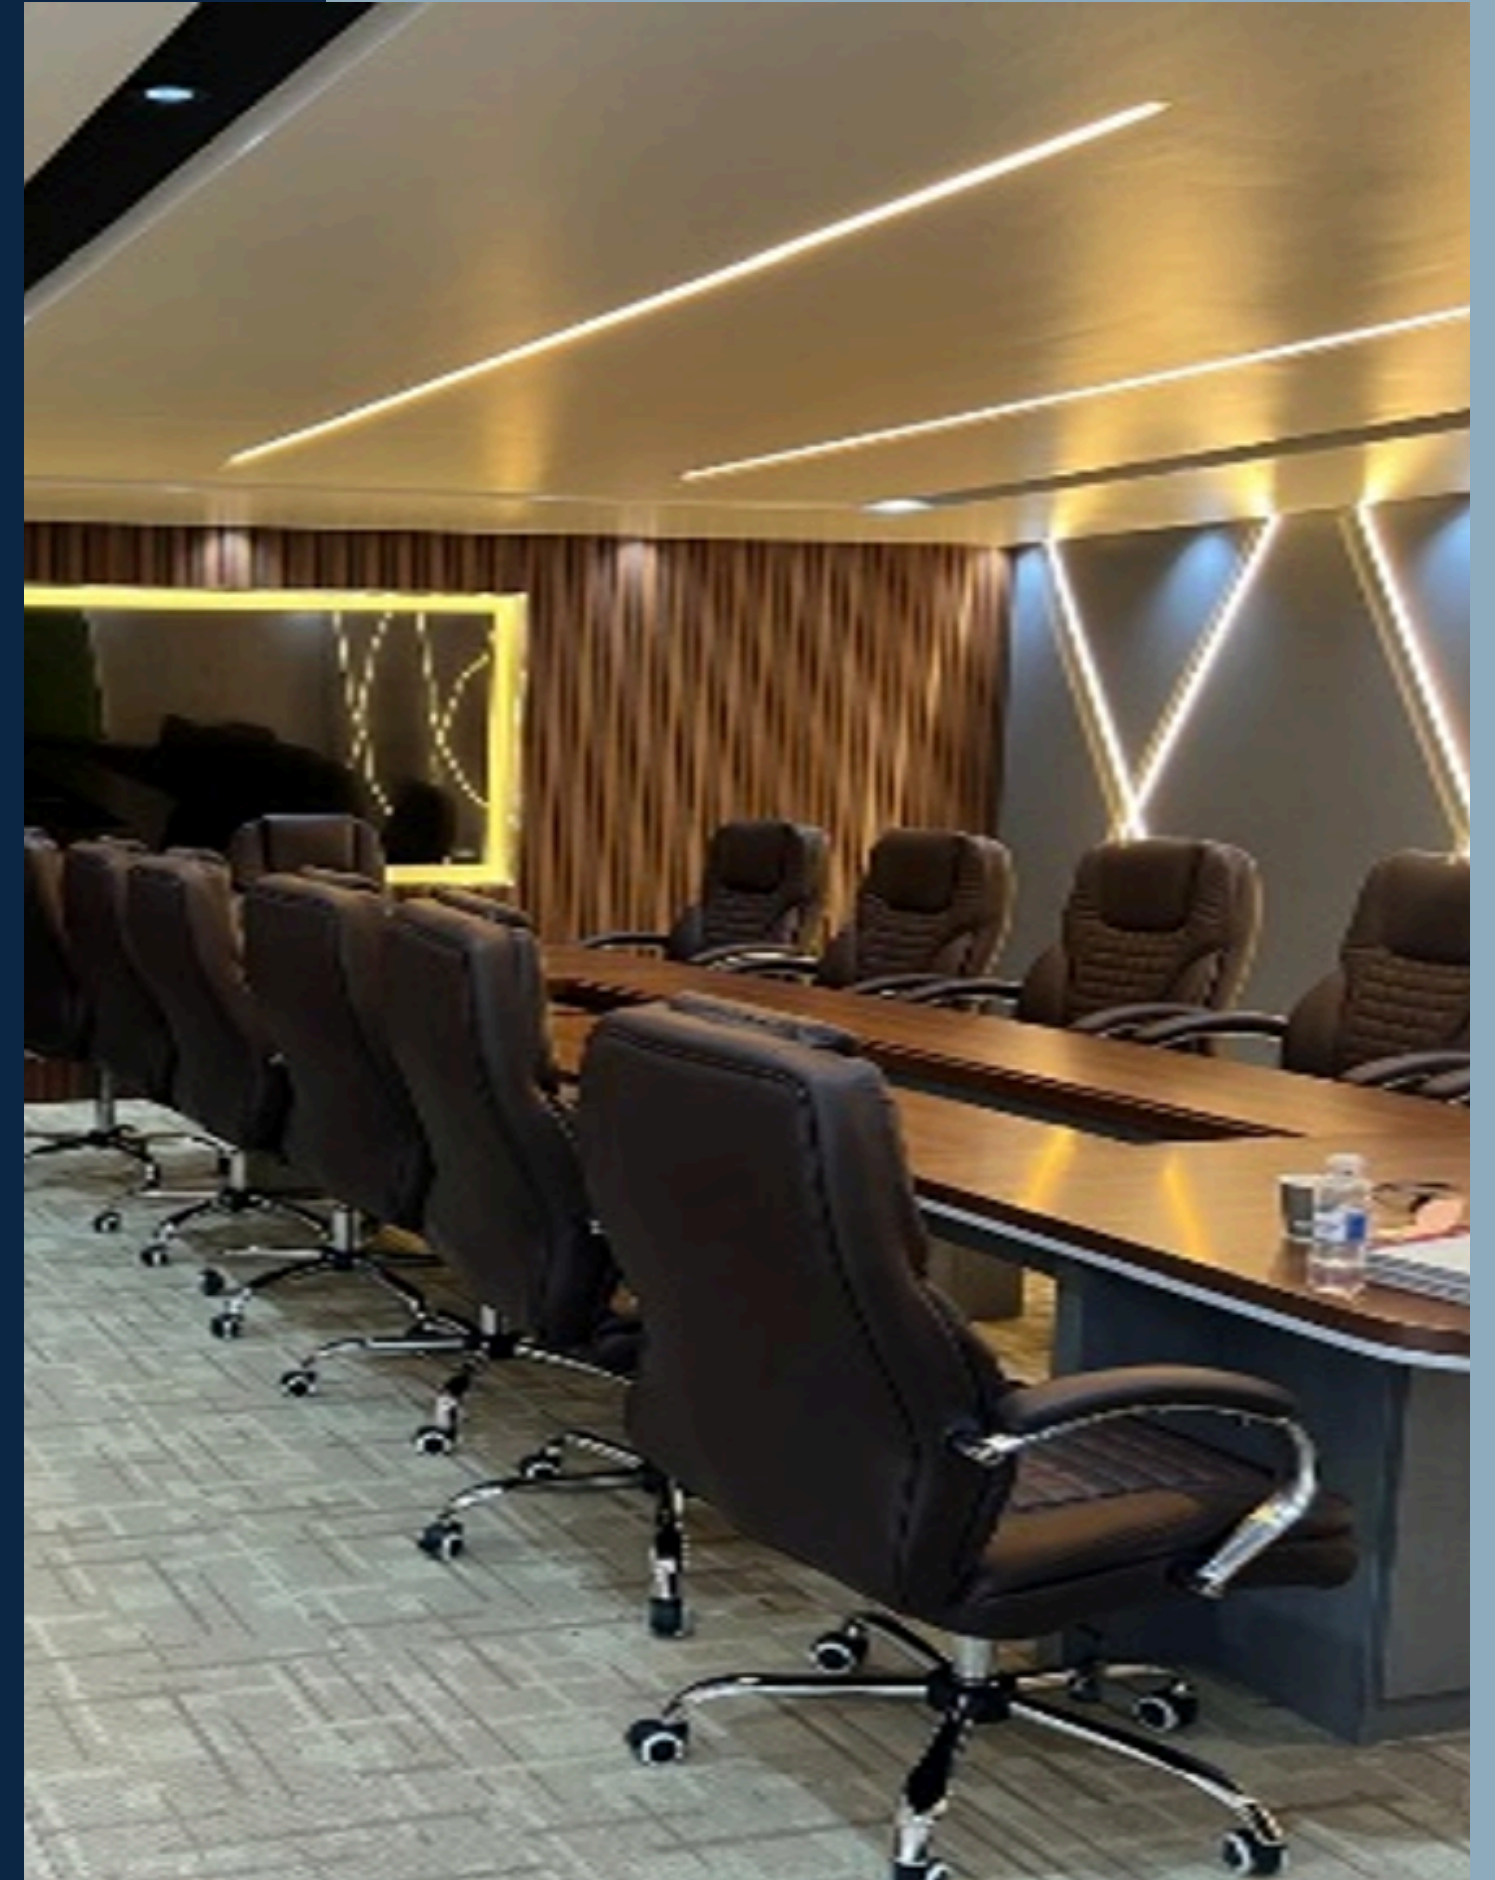

Building Rehabilitation Services at CGPD

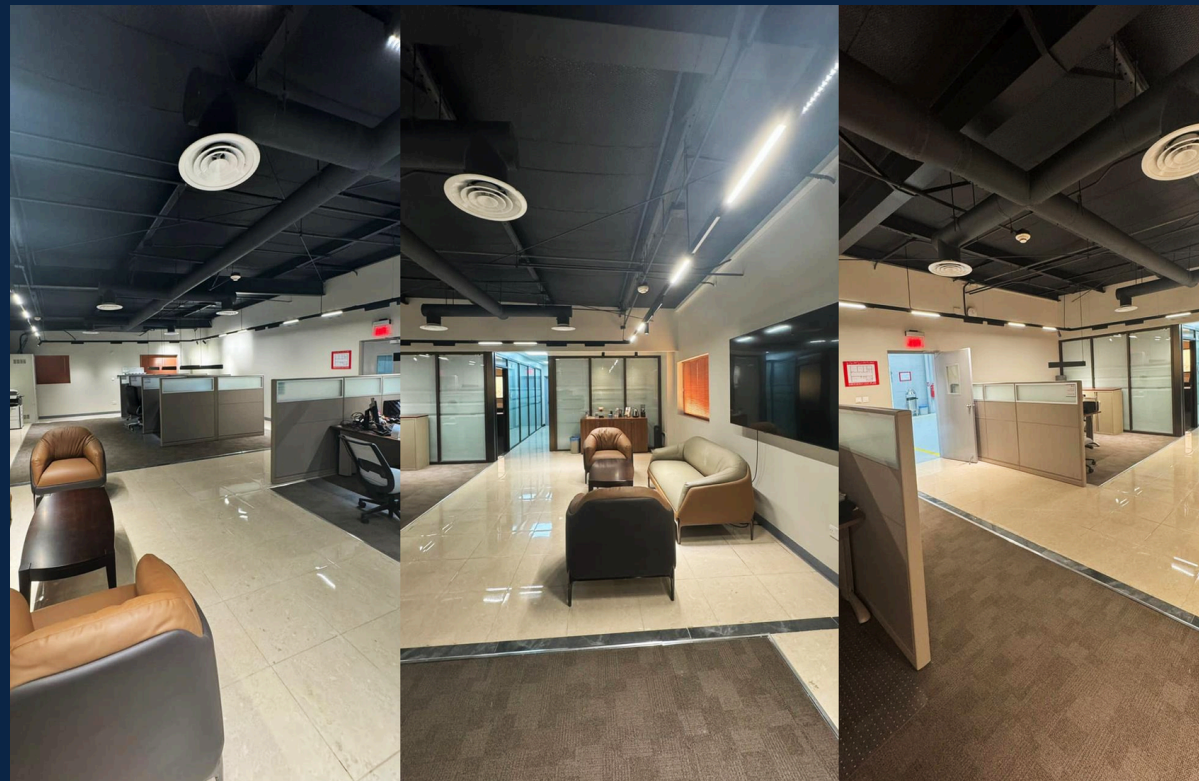

COMPREHENSIVE UPGRADES ACROSS MULTIPLE BUILDING TYPES

PROJECT NO : SAAM-525-32 | P.O. NUMBER : 651131612

Carry out renovation and maintenance work at CGPD facilities, providing all labor, supervision, materials, equipment, accommodation, and transportation. Scope includes electrical, plumbing, painting, windows/doors, fencing, asphalt, and general site works such as ceilings, tiling, partitions, and shelters. All work must comply with Saudi Aramco standards and safety requirements.

Building Rehabilitation Services at CGPD

Miscellaneous Repair at QSWP Facility

COMPREHENSIVE UPGRADES ACROSS MULTIPLE BUILDING TYPES

PROJECT NO : SAAM-525-19 | P.O. NUMBER : 6511114437

Provided all required skilled labor, supervision, equipment, tools, accommodation, transportation, and all materials required for renovation at Qurayya Sweet Water Plant facilities with various activities including electrical, plumbing, painting, and general maintenance works.

VARIOUS REPAIR SERVICES AT NGPD FACILITY

COMPREHENSIVE UPGRADES ACROSS MULTIPLE BUILDING TYPES

PROJECT NO : SAAM-525-21 | P.O. NUMBER : 6511131059

Provide all required skilled labor, supervision, equipment, tools, accommodation, transportation, and all materials required for renovation at NGPD facilities. Scope includes comprehensive repair and renovation services across multiple NGPD locations.

T2 RENOVATION OF SIMULATOR ROOMM (SGP)

COMPREHENSIVE UPGRADES ACROSS MULTIPLE BUILDING TYPES

PROJECT NO : SAAM-525-41 | P.O. NUMBER : 6511204394

Provide all required skilled labor, supervision, equipment, tools, accommodation, transportation, and all materials required for renovation at SWID facilities. Comprehensive renovation scope covering multiple building types and facility areas within the Mubarraz SWID complex.

Civil & Concrete Works

We have **19 active civil contracts** across various ARAMCO facilities, ensuring quality and efficiency in every project.

Ponds/Pits Lining Repair & Replacement

COMPREHENSIVE UPGRADES ACROSS MULTIPLE BUILDING TYPES

PROJECT NO : SAAM-525-24 | P.O. NUMBER : 6511143051

Verify site conditions, demolish existing 30-mil HDPE liner, and install new 60-mil HDPE liner in accordance with SGED/PCU-159/20. Scope includes all civil and earthworks, construction and removal of temporary lined pits, liner quality control, pit reconstruction, preparation of anchoring trenches, and removal of sand, oily sand, and sludge as required.

SWID Skid Road Cleaning & Leveling

COMPREHENSIVE UPGRADES ACROSS MULTIPLE BUILDING TYPES

PROJECT NO : SAAM-525-26 | P.O. NUMBER : 6511143828

Perform cleanup and hauling services at various locations as directed by Saudi Aramco, including removal of accumulated sand and garbage obstructing access roads and facilities in SWID areas. Provide all required manpower, equipment, hand tools, transportation, and certified Work Permit Receiver.

Security Fencing & Geogrid Fabric Installation

COMPREHENSIVE UPGRADES ACROSS MULTIPLE BUILDING TYPES

PROJECT NO : SAAM-525-28 | P.O. NUMBER : 6511145942

Replace, repair, remove, and install fences as per approved drawings including leveling, excavation, backfilling, compaction, and site restoration. Install approximately 50,000 meters of geofabric and HDPE sand fences over sand dunes and hard/rocky surfaces, including berm construction, post installation, tension wires, fabric fixing, and sand control treatment.

Berm

Construction

Implementing pipeline rectification works to ensure structural integrity and compliance.

Rehabilitation

Enhancing berm wash ups and pipe berm rehabilitation for operational efficiency.

Blasting

Conducting grit blasting and recoating to meet Saudi Aramco standards.

Restoration

Restoring berms with precision to uphold safety and environmental regulations.

Berm Construction – Sand Cover at CGPD

COMPREHENSIVE UPGRADES ACROSS MULTIPLE BUILDING TYPES

PROJECT NO : SAAM-525-31 | P.O. NUMBER : 6511152320

Execute pipeline rectification works including correction of bowed-up locations, berm wash-ups, preparation of new right of way, pipe berm rehabilitation, and pipe rehabilitation activities (blasting, coating, sleeves, replacement, and flange works). Includes NDT, grit blasting, recoating with APCS 113-A, backfilling, and restoring berms to Saudi Aramco standards.

Marine Berth Maintenance services

COMPREHENSIVE REPAIRS AND ENHANCEMENTS FOR YTS

PROJECT NO : SAAM-525-46 | P.O. NUMBER : 6601019700

This project entails **extensive civil repairs** and maintenance of marine berths at Yanbu Crude Oil Terminal, ensuring compliance with Saudi Aramco Engineering Standards for durability.

Parking Shades Installation

ENHANCING PROTECTION ACROSS ARAMCO FACILITIES

Our project involves the **supply and installation** of parking shades at 12 ARAMCO facilities, designed to withstand 170 km/h wind speeds and provide essential vehicle protection.

Al Salmaniyah Parking Services

COMPREHENSIVE PARKING SOLUTIONS FOR ARAMCO FACILITIES

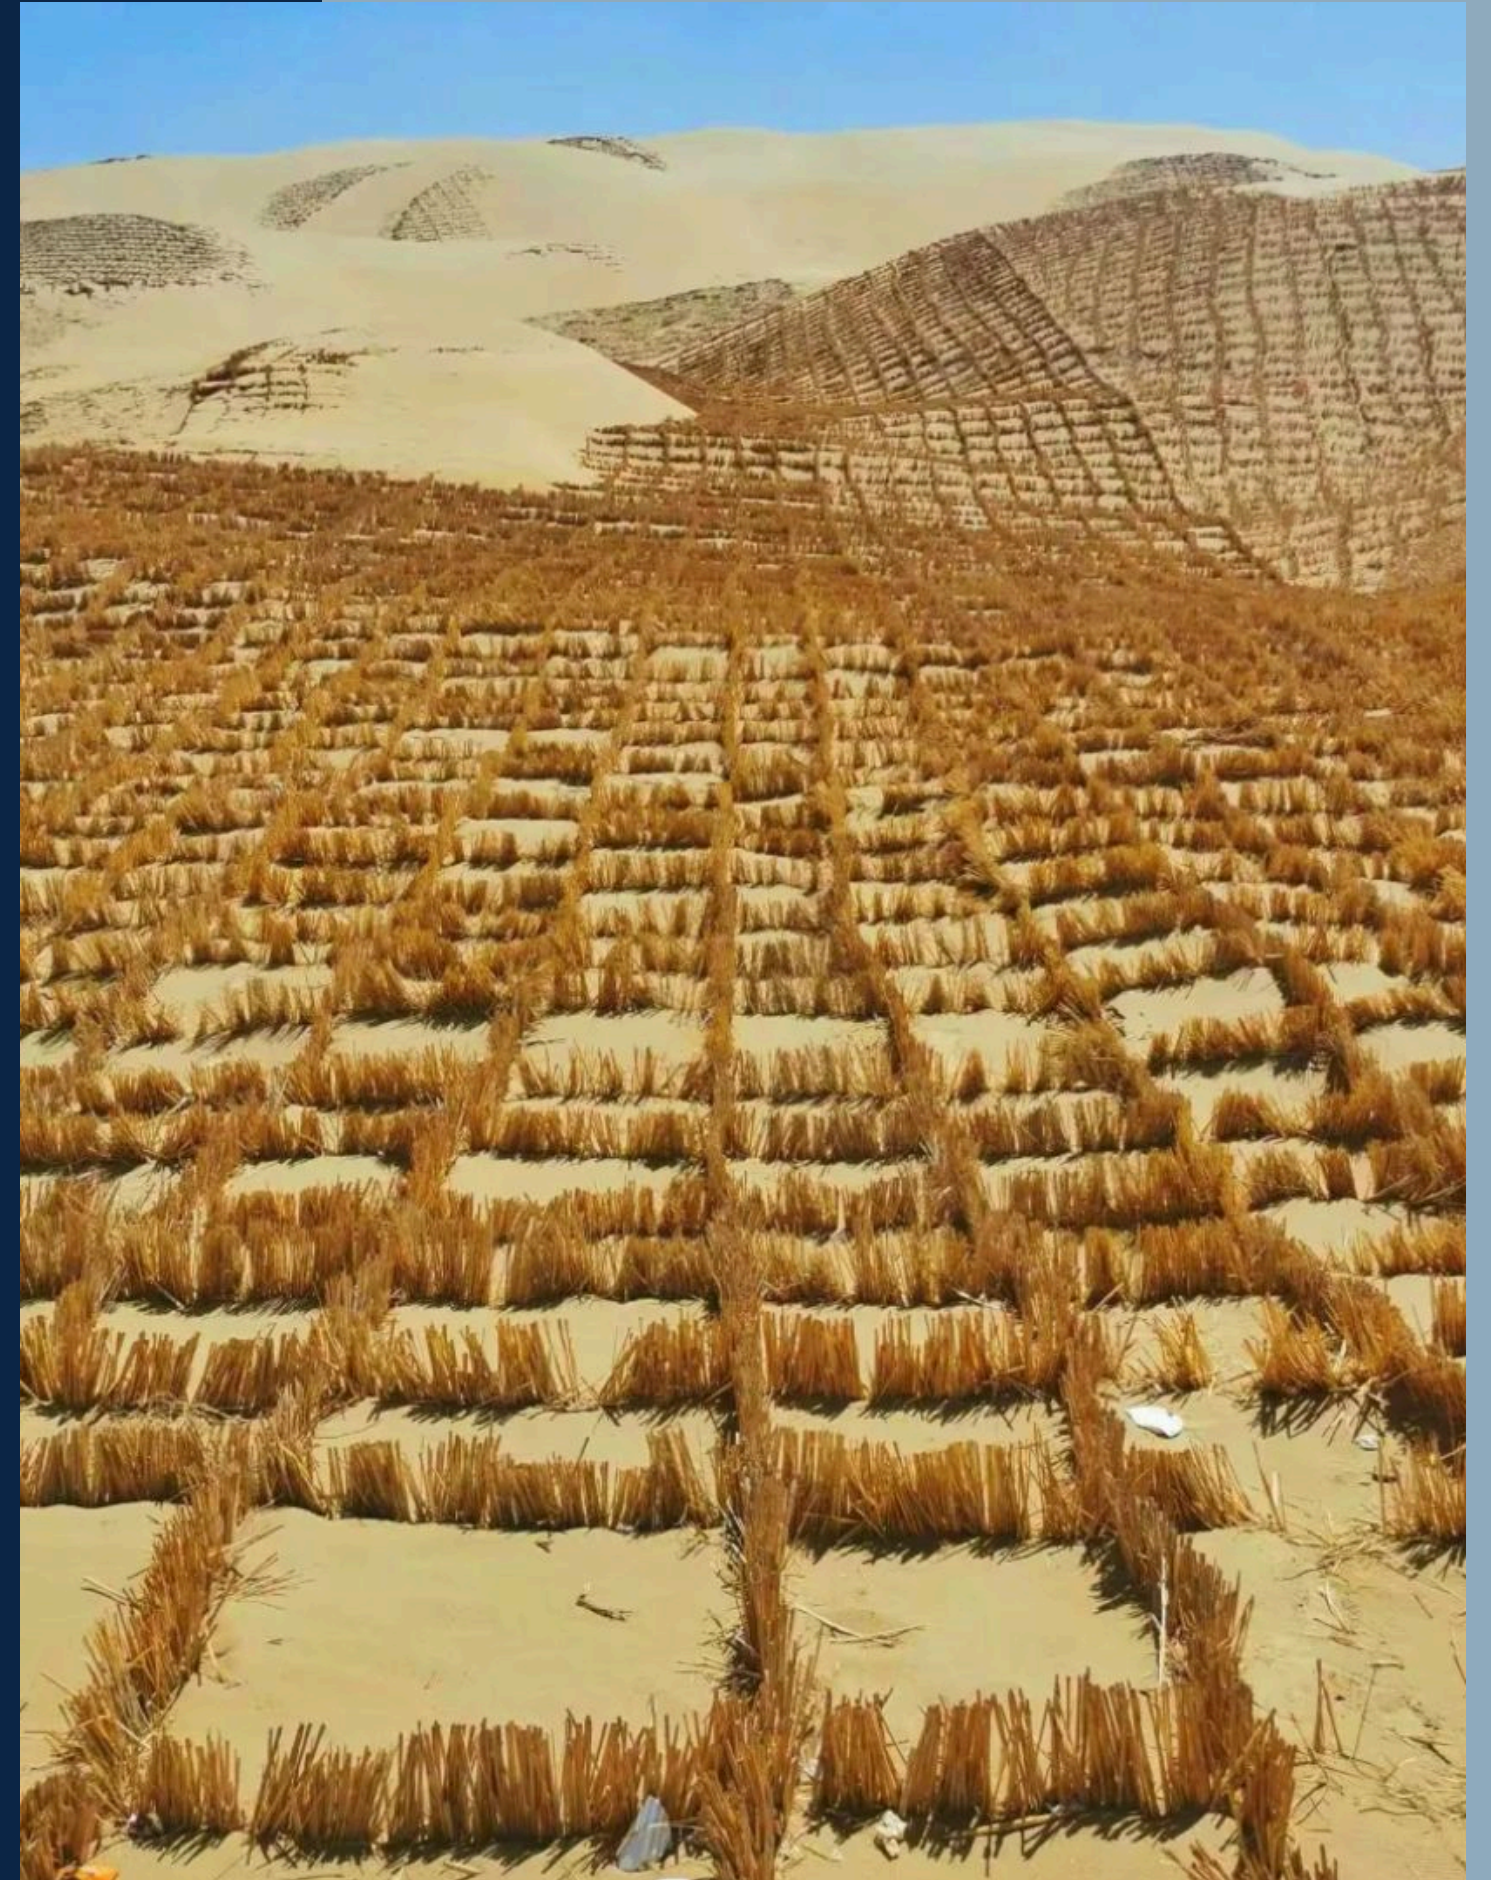

This project encompasses the **supply and installation** of parking shades across 12 ARAMCO facilities, ensuring durability and resistance to 170 km/h wind speeds.

Straw Checkerboard Sand Stabilization

COMPREHENSIVE CHECKERBOARD SAND STABILIZATION SOLUTIONS FOR ARAMCO FACILITIES

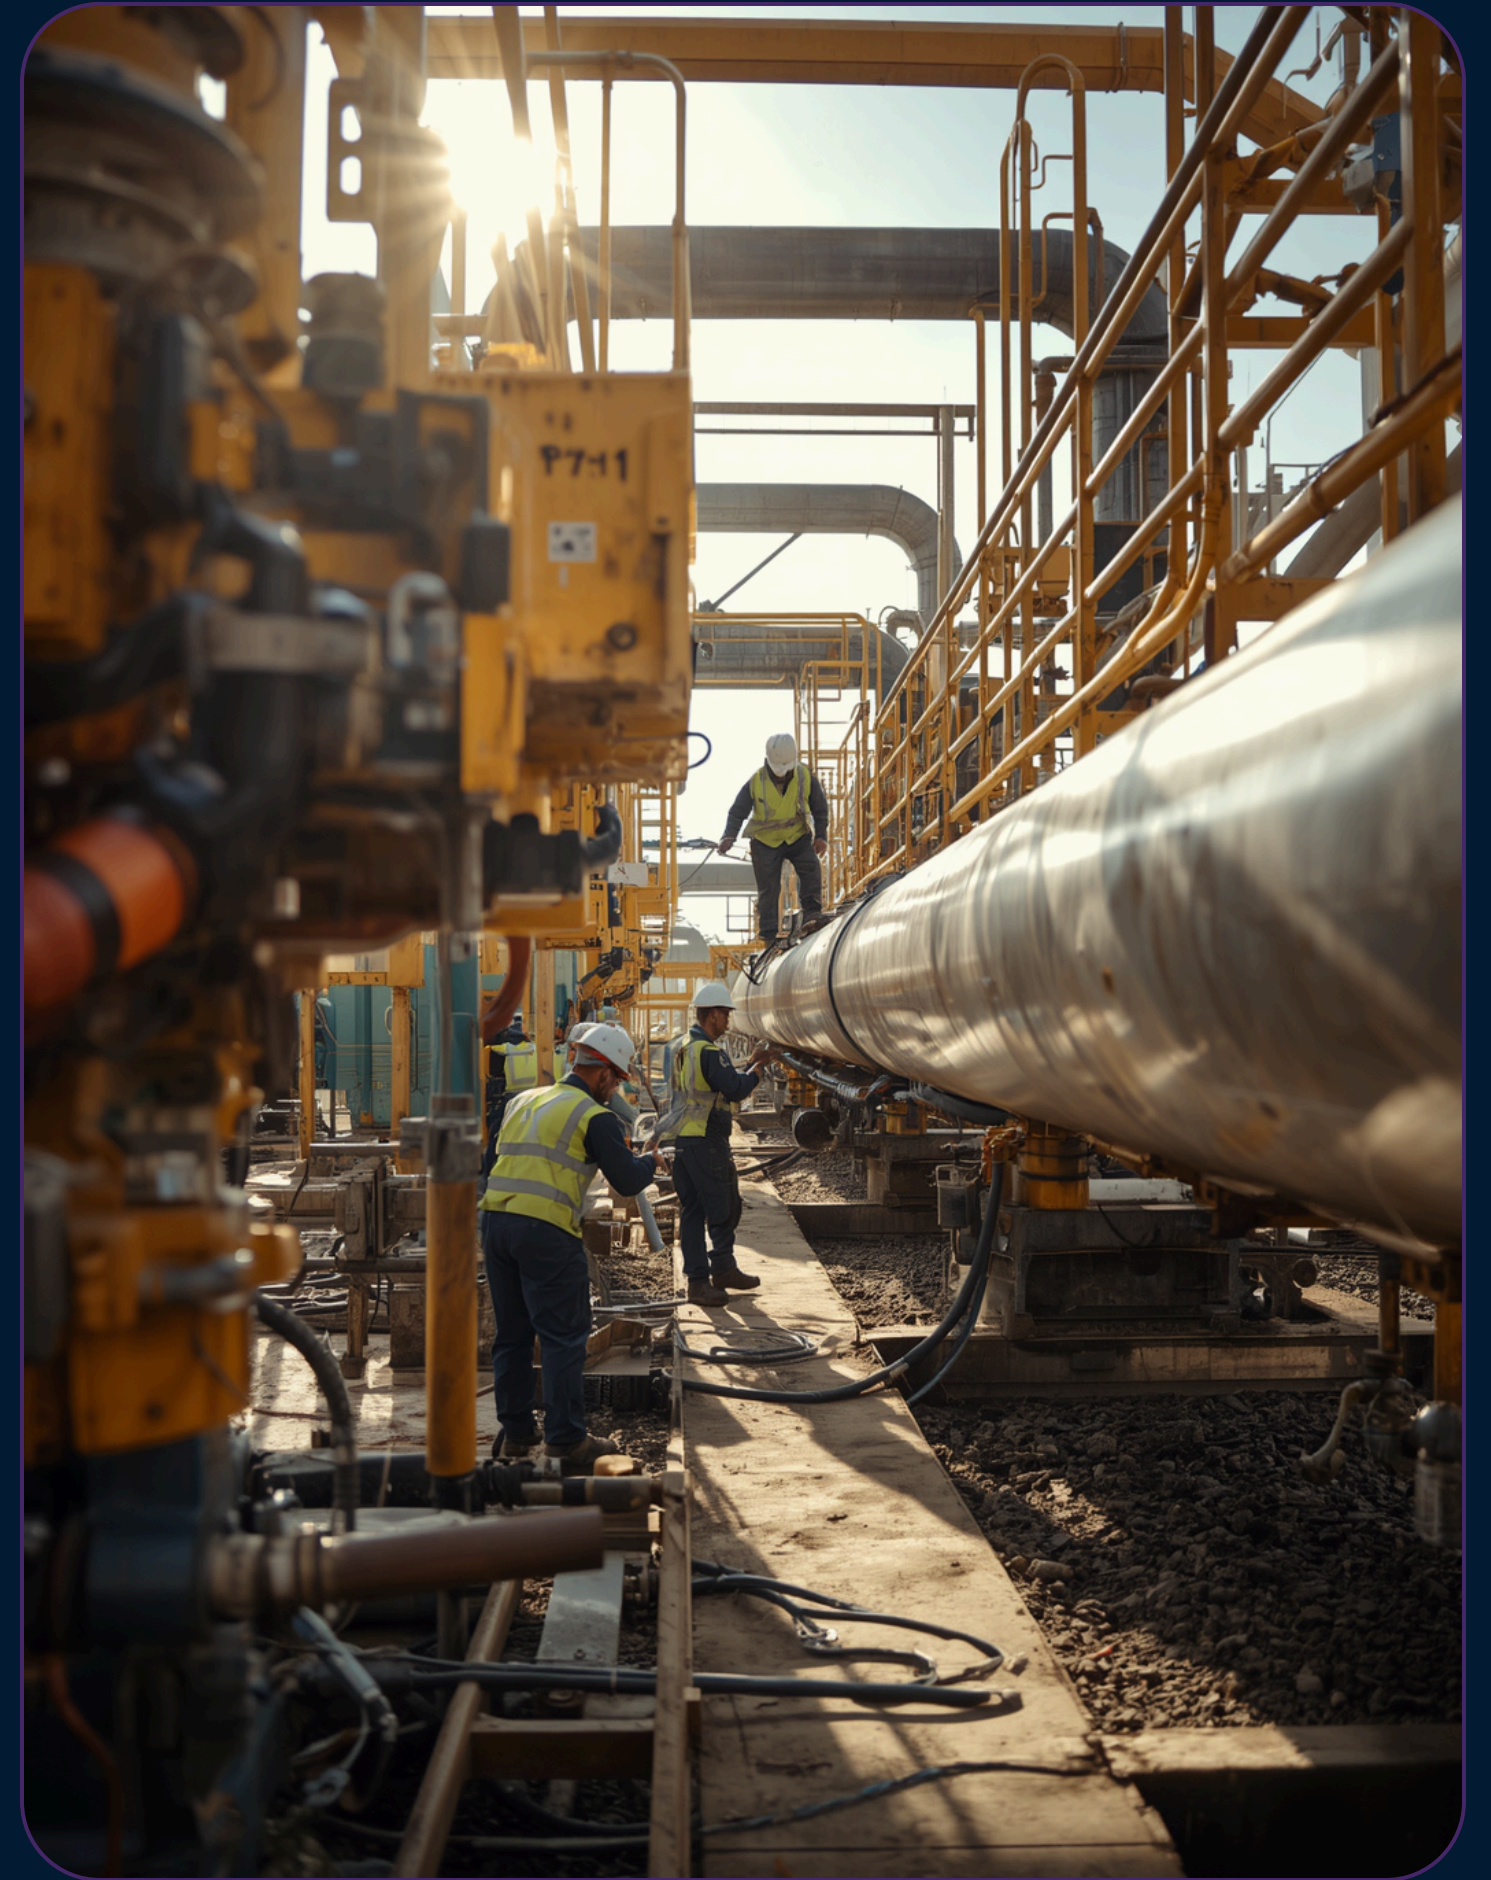

Installation of straw checkerboard barriers across open sand areas for dune stabilization and erosion control. Straw is laid in a grid pattern to reduce wind velocity at ground level, trap wind-blown sand, and encourage natural vegetation growth — protecting adjacent roads, pipelines, and facility infrastructure from sand encroachment.

Mechanical Works Overview

United SAAM is managing **9 active mechanical contracts** to ensure operational efficiency across various ARAMCO facilities.

Greasing Skid Units

COMPREHENSIVE MAINTENANCE SERVICES AT CGPD FACILITIES

This project involves the provision of greasing skid units crew services at CGPD, enhancing mechanical service performance and ensuring operational efficiency from 2024 to 2027.

Isolation Valve Maintenance

ENSURING OPERATIONAL EFFICIENCY AT NGPD

Project No SAAM 525 35 PO 6511163548 focuses on providing comprehensive **isolation valve maintenance services** at NGPD from 2024 to 2027, part of our mechanical and valve services scope.

Support for Various Pipes and Flanges

ENSURING OPERATIONAL EFFICIENCY AT NGPD

PROJECT NO : SAAM-525-29

Project No SAAM 525 35 PO 6511163548 focuses on providing comprehensive **isolation valve maintenance services** at NGPD from 2024 to 2027, part of our mechanical and valve services scope.

Sand Blasting & Coating of Pipes

We provide high-quality surface preparation and protective coating services to ensure durability, corrosion resistance, and long-term performance of pipelines.

Overview

Project Details

Comprehensive repairs at Qurayya Sweet Water Plant from May 2023 to May 2026.

Skilled Labor

Expert supervision ensures quality workmanship and adherence to project specifications and standards.

Equipment Supply

Provision of all necessary tools and materials for efficient renovation and maintenance works.

Compliance

All activities conducted in accordance with Saudi Aramco standards and safety regulations.

Overview

Scope

Comprehensive repair services across multiple NGPD locations ensure operational efficiency.

Supervision

Skilled labor ensures quality workmanship and adherence to project timelines and standards.

Resources

Provision of necessary equipment and materials for seamless execution of repairs.

Timelines

The project is scheduled to run from October 2023 to October 2026.

Security

Implementation

We utilize advanced techniques for effective geofabric and HDPE installation across sites.

Materials

Approximately 50,000 meters of sand fences ensure optimal support and durability against elements.

Compliance

All installations adhere to Saudi Aramco standards, ensuring safety and reliability throughout.

Maintenance

Regular assessments and repairs are conducted to maintain the integrity of fencing solutions.

Maintenance

Expertise

Our skilled team ensures efficient **operation** of all wells pad equipment.

Reliability

We prioritize **consistent performance** to minimize downtime and maximize productivity.

Safety

Compliance with **safety standards** is our top priority in every maintenance task.

Innovation

We utilize **modern techniques** and tools to enhance the maintenance process and outcomes.
